FIRST TRIALS UNDER NEW PROHIBITION LAW

To Come Here Thursday In Cases
of Two Bearwallow Men
Caught With Still

The first trial to be held in Madison county and probably the state under the new prohibition law which gives lower courts jurisdiction in liquor law violations, will come before County Judge John D. Goodloe next Thursday.

Mat Lakes and Wesley Rose were arrested by Sheriff Elmer Deatherage and a posse of deputies and federal agents near Bearwallow this county early Friday morning. A still was found and destroyed. The worm, however, was brought in, together with six gallons of white whisky. About 400 gallons of mash ready to be run was destroyed. Each prisoner was held under \$1,000 bond for his trial on Thursday before Judge Goodloe. Rose gave bond with Roly Rose as surety.

The officers made the raid about daybreak Friday and met with no resistance. With Sheriff Deatherage were Deputy Sheriffs Franklin Deatherage and Richard O. Moberly, Constable Arthur Lynch and Federal Agents Ort and Duff.

MADISON MEN'S BARN BURNS IN NELSON

News comes from Nelson county of a severe loss sustained by two former Madison county men, Albin Cornelson and Covington Jett, who lost a large barn on their place from fire Tuesday. The loss is said to be fully \$4,500, with only \$2,000 insurance. Quite a lot of feed, machinery, etc. is understood to have gone up in smoke. The farm these Madisons bought in Nelson is on the Fairview pike out of Bardstown.

No matter when or where you're safe if you see Burnam's Insurance Agency and keep that insurance policy in force.

Following a fire which destroyed the barn of Joseph McGee, seven cows, a calf, eleven horses and mules, twenty-five sheep, farm implements and feed Mr. McGee made an investigation resulting in his instituting action against Runner, who had appeared on the scene immediately after the fire was discovered.

14,900 MINERS IN KENTUCKY AFFECTED

By Strike Which Goes Into Effect
April 1—20 States Have Half
Million Men

(By Associated Press)
Indianapolis, Mar. 25—Suspension of work in the coal industry throughout the unionized fields of the country will directly affect more than a half million workers in the coal fields of 20 states. Twenty thousand Canadian miners also belong to the United Mine Workers of America, Nova Scotia forming one union district and the western provinces forming another.

The great numerical strength of the United Mine Workers of America is in the soft coal industry, the Central Competitive Field, comprising Western Pennsylvania, Ohio, Indiana, and Illinois, having a combined membership of approximately 215,000. The anthracite industry, centered in three fields, in Pennsylvania, employs 155,000 men of whom approximately one-half are in the union. In past strikes however, the union has practically succeeded in bringing a complete walkout in the anthracite fields.

The approximated distribution of union miners by states, obtained from union sources here, is as follows:

Pennsylvania	154,825
Illinois	98,000
Ohio	49,000
West Virginia	48,400
Indiana	31,000
Kentucky	14,000
Ark. Okla. Tex.	14,800
Iowa	13,100
Alabama	12,200
Tennessee	11,500
Kansas	9,700
Missouri	8,350
Wyoming	7,650
Maryland	5,250
Colorado	4,675
Montana	4,625
Washington	4,625
Michigan	2,125
Canada	20,600

Union Officials To Go After Non-Union Miners

(By Associated Press)
Cleveland, Mar. 25—Leaders in the nationwide strike of union coal miners April 1st turned their attention today to winning 200,000 non-union miners to the walkout. The program of striking at the non-union fields was decided upon by the general policy committee of the United Mine Workers of America. It will center in Pennsylvania, where there are 100,000 non-union workers. Special organizers will be sent there. Other non-union fields expected to be invaded include Kentucky, West Virginia, Alabama, Colorado, Maryland and Washington. Union officials say their plans contemplate peaceful penetration.

Twelve Democrats Vote For It
While Four Republicans Oppose the Pact

Washington, Mar. 25—The four-power Pacific treaty was ratified by the Senate late Friday.

The vote on ratification was 67 to 27.

This was four more than the necessary two-thirds and the roll call showed twelve democrats voting for ratification and four republicans against ratification.

The dozen democrats favoring ratification were Broussard, Dial, Fletcher, Kendrick, McKellar, Myers, Owen, Pomerene, Ransdell, Trammell, Underwood and Williams.

The four republicans opposing ratification were Borah, France, Johnson and LaFollette.

Two absent Senators, Crow, republican, Pennsylvania, and Jones, democrat, New Mexico, were announced as supporters of the treaty.

Senate approval of the pact was voted after all proposed amendments and reservations, except the "no alliance" declaration accepted by President Harding, had been defeated.

As incorporated in the resolution of ratification the reservation says:

"The United States understands that under the statement in the preamble or under the terms of this treaty there is no commitment to armed force, no alliance, no obligation to join in any defense."

TO REPORT ON GOLF CLUB SITE MONDAY

Fans To Meet and Decide On
Location of Links and Other
Organizations Plans

On Monday night at 7 o'clock at Masonic Temple, there will be a very important meeting of all those in the town and community who are interested in any way in the establishment of a golf course. Since the former meeting of the golf fans, the property committee has been busy looking up probable locations of the course, and getting options on certain properties and the conditions on which they can be secured. This committee is ready to make its report Monday night and will have some very interesting information for the golf fans.

Since Richmond inaugurated the movement for a golf course Paris has gotten into the game and organized a club. Winchester, Danville, Paris, Pineville and Middlesboro will be playing golf this summer. It is contended by those promoting this matter that Richmond is the best town in the bluegrass and is entitled to just as good recreation as any of her neighbors.

In view of the excellent blue grass turf in this section, it is estimated that a course can be started at a much lower cost than in many places and that the membership fee can be kept sufficiently low to make golf possible to everyone who wants to play.

For the information of those who may hesitate on account of expense it may be interesting to know that a good set of golf clubs, made by McGregor or Wright and Ditson, two of the best manufacturers in the country, can be bought for \$12.50 while the matter of golf lesson for the beginner is usually a small item. In the club at Winchester where they have 116 members they have never had a professional trainer at all. Two or three lessons at from one to two dollars each are sufficient for the average player and probably half the members of the average club, pick up golf from other players and from practice.

The aim of those interested in this progressive step in Richmond is to bring the game within the reach of every possible player and at the lowest possible membership fee. It is believed that on some of the proposed properties the fee can be made unusually small.

However, the matter will be decided finally Monday night and everyone interested in making Richmond a better town, as well as playing golf is invited to be present.

Off Florida Coast

(By Associated Press)

The fifth passenger slipped quietly into the sea yesterday after becoming exhausted.

The passengers aboard when the Miss Miami left here included Mr. and Mrs. August Buile, Mr. and Mrs. Laurence E. Smith all of Kansas City, and Mrs. J. H. Dickson, of Memphis. This declaration stipulates "domestic issues shall not come within the scope of the treaty."

Little Children Starving Is Terrible Problem

That a miracle only can save
95,000 little innocent children in
Central and Eastern Europe is the
statement of Jacob Bilikoff who
recently returned from that
section in a survey of con-
ditions. This was contained in
his survey:

"These little orphans are the
result of the war and the mas-
sacre of Jewish families. They
were caught in the maelstrom of
the world's greatest catastrophe
through no fault of their own,
and are justly entitled to our
sympathy and support. I saw
little children wandering about
in the corn fields, living on such
bits of grass and roots and clay
as they were able to dig up with
their tiny hands that looked
more like bird claws. Rags cov-
ered their almost naked bodies."

One of the large items in the
relief work is among these chil-
dren. American people of all
faiths are urged to give to the
campaign which is being carried
on in Kentucky to raise \$150,000
as our share of the national
fund. Col. Fred Levy, Louis-

ville, is chairman of the State
Committee in charge of the
campaign with headquarters in
the National Theatre building in
Louisville.

LANCASTER

Fire broke out in the Tomlin-
son building on the public square
at an early hour, destroying the
tailoring establishment of W. C.
Davis, and the barber shop owned
by Carl Curtis. A family living
above the Davis shop had a nar-
row escape from death before
they were aroused from their
sleep. The fire is supposed to
have started from a defective flue.
The Curtis place was insured
while Mr. Davis carried none.

John Harrison Posey, farmer,
vice president of the Lancaster
National Bank, is critically ill in
a Lexington hospital, where he
was carried for an operation for
an obstruction of the bowels.
Since the operation he has con-
tracted pneumonia.

The Lake Placid Fishing Club
held a meeting and all the old of-
ficers were re-elected. The sub-
ject of building a club house re-
ceived consideration.

G. B. Robinson, foreman of the
Marach grand jury, has served
notice on all dog owners who
have not procured license that
they will be indicted.

"Concentration of warehouse
liquor, to be released to bona fide
concerns, properly certified for
medicinal purposes only, coupled
with other restrictive methods, is
bringing about real enforcement,
to an extreme that is amazing,
even to antagonists, who are com-
pelled to admit that the Eigh-
teenth Amendment is a reality
and not a joke."

THE OLD HOME TOWN**DOINGS OF THE DUFFS—When Helens' Away the Children Will Play.****Most Successful Farmers**

USE INTERNATIONAL HARVESTER EQUIPMENT

MORE than 100,000 farmers who have decided in favor of International Harvester tractors have been guided by the same impulses.

They knew that, because of its 90-year contact with farming problems, the International Harvester Company was in better position than any other company to design and build long-lived practical farm tractors.

They knew that in the McCormick-Deering line they could find both tractors and machines which were designed to work together as field units.

They were absolutely sure that the most practical and helpful service would be quickly, easily and forever available to them. Many year's experience with the International Harvester Company had convinced them that nowhere else could they find a line of power farming equipment so closely backed by satisfactory service.

They knew that these factors would guarantee their investments for years of usefulness. Year after year the wisdom of the Titan-International Tractor ownership grows more apparent.

Let the judgment of these 100,000 farmers help you. Use International equipment. Remember that both Titan 10-20 and International 8-16 now sell at the lowest prices ever quoted on these tractors with their present equipment.

Chaplin Disguise Too Natural

For Hun Soldiers to Resist. An example of practical camouflage is given by Charlie Chaplin in "Shoulder Arms," to be shown at local theatres Wednesday when he disguises himself as a tree stump and starts on a spying trip into enemy territory, only to be met by a small party of Huns, seeking firewood who promptly decide to chop down the human stump as an addition to the load of wood they are about to take back to their trenches. In Charlie's opinion his attempt at camouflage is entirely too successful.

Fruit Shipments By Parcel Post Increasing
(By Associated Press)
Washington, Mar. 25—Shipments of fruits and vegetables in great quantities by retail and wholesale merchants to all sections of the United States are steadily increasing, according to reports made to General Superintendent W. H. Riddell, of the Railway Mail Service. As an illustration of the uses to which the parcel post is being put by merchants, it was asserted by Superintendent Riddell that recently an entire freight car was loaded with individual cases of asparagus and shipped by parcel post rates. Each parcel, however, conformed to weight regulations, and it would not have been possible to ship the car load as a bulk.

STATE BOARD TO HELP DISABLED SERVICE MEN

(By Associated Press)

Frankfort, Ky., Mar. 24—Disabled soldiers throughout Kentucky now are able to obtain the aid of the state in prosecuting claims against the Federal Government, for compensation due them under the various acts passed by Congress. The Disabled Ex-Service Men's Board, formed under a bill passed by the General Assembly, plans to make this aid easy by having officials visit every county in the state to secure data and advise with the men as to how to push their claims.

The Board is composed of General Jackson Morris, Adjutant General; Emmet O'Neal, State Commander of the American Legion; Mrs. Scott Duncan, State President of the Women's Auxiliary Units of the American Legion; and Henry J. Stites, Mr. Stites is secretary and at a recent meeting it was decided that Mr. Stites should visit the various counties as rapidly as possible and explain to the service men what their rights are under the various acts. General Morris will accompany him on some of his trips.

Mr. Stites recently visited the headquarters of a similar board at Knoxville, Tenn. There he found that approximately 11,000 disabled Tennesseans were receiving compensation as a result of the work of the board. Although exact figures are not available, it is believed there are as many disabled men in Kentucky as in Tennessee and that only about 5,000 are drawing compensation.

The office of the board is in the state capitol at Frankfort. Men entitled to compensation are asked by the board to make inquiries from adjutants of the various American Legion posts, Women's Auxiliary units or to address the board direct.

The purpose of the board is to explain the laws to the men and to enable the United States Veterans' Bureau to maintain contact with disabled men.

"The board already has the names of more than 800 Kentucky ex-service men who filed claims for compensation prior to August 1, 1921, but which have not been adjusted. In Harlan and Larue counties, which have already been visited, a number of cases were found which will receive immediate compensation," said Mr. Stites.

The following agencies are co-operating to make Negro Health Week in Kentucky a success: the United States Public Health Service; the State Board of Health; County Inter-Racial Committees; County Boards of Health; Red Cross Chapters; the Ky. Negro Educational Association; Urban League; Parent Teacher Associations; Y. M. C. A.; Y. W. C. A. teachers, ministers, women's clubs and city officials.

A Home-Made Roulette Wheel

(By Associated Press)

Key West, Fla., Mar. 25—Maybe they've stopped making roulette wheels, or perhaps Manuel Gonzales, operator of coffee shop here, didn't have a catalog showing where one might be obtained. Anyway, such inconveniences didn't bother Manuel, when he decided to install one in the rear of his place recently. Officers raided the shop, seized the layout and upon examination discovered the wheel was home made, manufactured from a disc graphophone record. The record has been painted, had numbers

MRS. LULA VANN FULTON, ARK.

Suggests to Suffering Women the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and I even have backache every month. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, Box 63, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine. If you are troubled with such symptoms as a painful period, weak, nervous feelings, irritable temper, loss of sleep, and cannot work at certain times.

Here is a woman who is so grateful and glad to be relieved from a painful and nerve-racking physical condition that she wanted to tell all sick women.

from 1 to 30, and officials who scraped some of the paint away discovered the record originally was a vocal rendition of "Home Sweet Home." Gonzales failed to tell the court whether the title of the hidden song was a warning to those who bucked the wheel or whether he regarded it as a lucky omen for the "house."
